

WILL GRAPPLE HERE TO-MORROW

Carolina and Georgetown Meet
On Richmond Gridiron in
Valiant Struggle.

WILL SEE UNIVERSITY GAME

Scores of Richmonders Will Go
to Charlottesville To-morrow
to Witness Game.

The advance sale of tickets for the Georgetown-North Carolina football game here Saturday afternoon gives rise to the belief that as large a crowd will witness the struggle between the North Carolina boys and the District of Columbia fellows, as saw the exhibition between the Indians and Virginia here some weeks ago. The grand stand seats are being disposed of rapidly and many have purchased seats in the bleachers.

Georgetown will send a team here that will represent the strength of that college. The line is said to be strong and the "backs" are old players who are familiar with every formation.

And North Carolina will have a team much stronger than the one it sent against the Virginia Polytechnic Institute eleven. The boys from the Old North State will arrive tomorrow and will practice Saturday morning. Georgetown's eleven is not expected to reach Richmond until to-morrow morning and may not have an opportunity to do any practice work before the game in the afternoon.

Both are now being made and North Carolina is the favorite. One wager was said to have been placed that Georgetown would not score, but there is little of such money going the rounds of the hotels. The backers of each team appear to be confident of winning.

Will Go to University.

Over two hundred citizens of Richmond will see the game of football in Charlottesville next Saturday, between the great rival teams, the University of Virginia and the Polytechnic Institute. An excursion will run from Richmond and the indications are that every coach will be crowded to its full capacity. Many wagers are being placed in the city on the result of the exhibition.

The faculty of the University of Virginia has decided that Thorpe, the great football player, who came to the college from the Columbia College, cannot take any part in the game Saturday, that he is not a bona fide student. This bit of information was the cause of a slight drop in the University stock in the city, for it had been thought that with Thorpe in the game the playing of Carpenter for the V. P. I. aggregation would be a mere formality.

The V. P. I. team has entered a protest against Carpenter whom they allege is a professional. But this protest will amount to nothing for the V. P. I. boys intend to have their great gladiator in the game Saturday.

Will Coach Georgia Team.

Coch R. C. Brown, of the Washington and Lee College, who has been in the city for the past few days has signed a contract to coach the University of Georgia team in the game Saturday at Dartsmouth College and has for many years been associated with football in the South. He once coached the "Varsity" team and is still below form, owing to the hard work of the West Point game. This morning Flinders, who has been playing centre all season, was given a trial at left guard, exchanging with Hockenberger, whose physique is better adapted for centre than Flinders. But this change was only experimental, and in the second half the men occupied their usual positions. Morse and Levine were the back field for the half, and Roomer, Stevenson and Levine the other half. The work was largely defensive, and the "Varsity" showing was not especially good. The scrub was well organized, and Foster Sanford went in at scrub centre for several plays. On the offense the "Varsity" scored several times on the second team.

NO FEAR OF COLUMBIA.

Yale Has Not Even Studied a Defense for Saturday's Game.

(Special to The Times-Dispatch.)
NEW HAVEN, CONN., November 2.—Yale was sent through a stiff fight yesterday, in which all of the first eleven except Flynn played, Bigelow returning to right tackle after a day's lay-off. The team is still below form, owing to the hard work of the West Point game. This morning Flinders, who has been playing centre all season, was given a trial at left guard, exchanging with Hockenberger, whose physique is better adapted for centre than Flinders. But this change was only experimental, and in the second half the men occupied their usual positions. Morse and Levine were the back field for the half, and Roomer, Stevenson and Levine the other half. The work was largely defensive, and the "Varsity" showing was not especially good. The scrub was well organized, and Foster Sanford went in at scrub centre for several plays. On the offense the "Varsity" scored several times on the second team.

There was a short open practice to-day, but hard work for the Columbia game begins to-morrow. Yale expresses no fear of the Columbia game, and the team has not as yet been especially taught defensive tactics for Columbia's attack.

GRIT AFTER ROASTING.

Old Woman's Terrible Ordeal Ends in Distressing Death.

(Special to The Times-Dispatch.)
STROUDSBURG, PA., November 2.—With her clothing burned off and flesh hanging from her body like bark on an old tree, Mrs. Thomas Stott, aged seventy-seven, walked a half mile to her home after being burned at a brush heap, and then expired.

She was conscious until the last moment, giving directions about her funeral and bidding farewell to friends and neighbors.

COURT DENIES APPEAL OF ROYAL ARCANUMITES

(By Associated Press.)
NASHVILLE, TENN., November 2.—The injunction asked for to prevent the Supreme Council of the Royal Arcanum from putting into effect the rates adopted at the Atlantic City meeting was denied by Federal Judge Clarke to-day, and the bill of the complainants dismissed. The court held that the law of Massachusetts, in which State the order was incorporated, that this plan of assessment and the effect on members, impairs the obligation of the contract, and until it did so appear, obviously this court should not interfere.

The injunction was asked for by members of the Nashville councils of the Royal Arcanum.

NOVEMBER 30TH FOR THANKSGIVING

President Names Day for Public Acknowledgment of Divine Goodness.

THE YEAR'S BOUNTIFUL CROPS

Chief Executive Calls Attention to Deliverances From Calamities and Danger.

(By Associated Press.)
WASHINGTON, November 2.—The President to-day issued his proclamation naming Thursday, November 30th next as a day for thanksgiving. The proclamation follows:

By the President of the United States of America.

A PROCLAMATION.

When nearly three centuries ago the first settlers came to the country which has now become this great republic, they confronted not only hardship, but terrible risk to their lives. In those grim years the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons. The custom has now become national and hallowed by immemorial usage. We live in easier and more plentiful times than our forefathers, the men who, with rugged strength, faced the rugged days; and yet the dangers to national life are quite as great now as at any previous time in our history. It is eminently fitting that once a year our people should set apart a day for praise and thanksgiving to the Giver of good, and at the same time that they express their thankfulness for the abundant mercies received, should manfully acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them. During the past year we have been blessed with bountiful crops.

Our business prosperity has been great. No other people has ever stood on as high a level of material well-being as ours now stand. We are not threatened by foes from without. The foes from within we should pray to be delivered from our own passions, appetites, and selfishness; and against these there is always need that we should war.

Therefore, I now set apart Thursday, the 30th day of this November, as a day of thanksgiving for the past and of prayer for the future, and on that day I ask that throughout the land the people gather in their homes and places of worship, and in rendering thanks unto the Most High for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on earth in a manner worthy of those who founded it and of those who preserved it.

IN WITNESS WHEREOF I HAVE HEREUNTO SET MY HAND AND CAUSED THE SEAL OF THE UNITED STATES TO BE AFFIXED.

Done at the city of Washington, this second day of November, in the year of our Lord one thousand, nine hundred and five, and of the Independence of the United States, the one hundred and thirtieth.

(Signed) THEODORE ROOSEVELT.

Seal: Elihu Root, Secretary of State.

JEROME CAN'T RUN ON REPUBLICAN TICKET

(By Associated Press.)
NEW YORK, November 2.—The appellate division of the New York State Supreme Court to-day handed down a decision refusing to grant an application for a mandamus to compel the New York City Board of Elections to place the name of William T. Jerome on the official ballot as a nominee of the Republican party for district attorney.

The application was made by William Halpin, chairman of the Republican County Committee. Mr. Jerome's name will be on the ballot as an independent nominee.

The opinion was based on the failure of Charles A. Flammar, the candidate chosen by the Republican nominating convention to give his declination to the Board of Elections within the prescribed time limit. Mr. Flammar had resigned to give place to Mr. Jerome on the Republican ticket.

PETITION AGAINST ROYAL ARCANUM RATES

(By Associated Press.)
BOSTON, MASS., November 2.—General Parker, of Massachusetts, has been asked to petition the Supreme Court for an injunction restraining the Supreme Council of the Royal Arcanum from enforcing the assessment rates adopted at the convention at Atlantic City.

The question was brought before the Massachusetts officials because the Royal Arcanum was organized in this State in 1877.

The petitioners contend that the action of the Supreme Council in adopting the new rates was unreasonable, unnecessary, inequitable, unjust and illegal.
